2021-22

Welcome to a new year at Woodland Park Middle School! Our faculty and staff are excited to begin a new school year working with students and parents. Middle school is a special time offering students the opportunity to broaden their exposure to a world of ideas and academic knowledge, as well as developing personal responsibility and independence. The teachers and staff of Woodland Park Middle School have been working hard preparing for a new school year, and we all look forward to your arrival.

Bulldog Kick-Off Days--Our registration process in two steps

STEP 1: Complete the online registration process prior to the Bulldog Kick-Off days. We recommend doing this at your earliest convenience so you have time to gather the required documents and upload them into ParentVue. This process is slightly different for students who are new to the SMUSD and those who are returning Bulldogs or coming from another SMUSD School. Use the appropriate links below for the directions.
